

Town Hosts Intergovernmental Meeting

(June 8, 2004). The Town of Winchester Plan Commission hosted an intergovernmental meeting this evening. Representatives from the East Central Wisconsin Regional Plan Commission, Larsen-Winchester Sanitary District, Winnebago County, Outagamie County, Waupaca County, WisDOT, WDNR, school districts and neighboring towns were invited to attend.

During the meeting, Amy Emery of OMNNI Associates provided a quick overview of the planning program. This presentation included the Draft Future Land Use Chapter and Map.

Next, Bob Stadel from OMNNI introduced the Intergovernmental Element.

An excellent discussion was held, particularly related to:

- Trail Development
- The Winnebago County Comprehensive Plan
- Capacity and the Larsen-Winchester Sanitary District

The DRAFT Intergovernmental Chapter is available for review from this project web page.
