

Great Turnout for Intergovernmental Meeting

Tuesday, January 7, 2003.

One element of the Wisconsin “Smart Growth” Law requires that Intergovernmental Cooperation issues be addressed in the plan. This month the Coordinated Plan Committee hosted a special Intergovernmental Meeting. The meeting provided area communities with the opportunity to learn more about the Brillion planning process. Attendees were also asked to provide feedback about the DRAFT Intergovernmental Cooperation Chapter of the Brillion Plan. Prior to the meeting, invitations were mailed to:

- Town of Rantoul (*Calumet County*)
- Town of Woodville (*Calumet County*)
- Calumet County
- Manitowoc County
- Brown County
- Wisconsin Department of Natural Resources
- Wisconsin Department of Transportation
- Brillion School District
- Hilbert School District
- Wrightstown Community School District
- East Central Wisconsin Regional Planning Commission
- UW-Extension, Calumet County
- Town of Holland (*Brown County*)
- Town of Maple Grove (*Manitowoc County*)

To begin the Intergovernmental Meeting, Amy Emery of OMNNI Associates presented an overview of the City and Town of Brillion Coordinated Planning Process. Following this presentation, Ms. Emery distributed a copy of the DRAFT Intergovernmental Cooperation Element. She then reviewed each section of the chapter with all in attendance.

During the presentation and the review of the chapter, those in attendance raised several questions and suggestions. Changes to the Intergovernmental Cooperation Chapter reflect these concerns and ideas.

Although no neighboring community or county has completed a Smart Growth Comprehensive Plan yet, this collective “meeting of the minds” provided a unique opportunity to discuss area growth, development, transportation, education, and other concerns. Everyone involved gained insight about the future of the area.

The next meeting of the Coordinated Plan Committee will be on Tuesday, February 4, 2003. The DRAFT Implementation Element will be the focus of that meeting.
