

# **Town Reviews Future Land Use Map**

At this month's Smart Growth Comprehensive Plan Meeting, the Town met to review the Draft Future Land Use Map and Text. Town Chairman Marv Samson also presented results from the Town's community survey. Based on this information, the Plan Commission decided to add two additional areas for residential development to the 2025 Future Land Use Map.

Representatives from the Village were unable to attend this review session. Accordingly, a meeting has been scheduled for December 7, 2004 at the Village Hall to review the Future Land Use Text and Map with the Village.

Representatives from the Town and Village will meet together again in January to host the intergovernmental Meeting. This meeting will be held at the Town Hall on Tuesday, January 4, 2005 at 7:00 pm. Representatives from neighboring communities, the Seymour and Shiocton School Districts, East Central Wisconsin Regional Plan Commission, Outagamie County, DNR and DOT will be invited to attend.
