

Planning Commission Reviews DRAFT Future Land Use Chapter of Plan

Thursday, July 24, 2003 –The Town of Center Planning Commission continued work on the Town's Smart Growth Comprehensive Plan this month. At the meeting the Commission was presented with the **DRAFT Future Land Use Chapter** and the second **DRAFT Future Land Use Map**.

OMNNI Associates (the Town's Planning Consultant) presented the **DRAFT Future Land Use Chapter** first. The Planning Commission had many suggestions to better reflect the importance of local property rights.

During this presentation, the second **DRAFT Future Land Use Map** was presented. This map now includes some potential future quarry location based on an assessment conducted by OMNNI's environmental experts to identify locations of marketable rock supplies.

A copy of the Draft Future Land Use Chapter is posted to this web site.

The next Smart Growth Meeting is scheduled for August 28. At that meeting the Plan Commission will review the Future Land Use Chapter and Map in detail. The Planning Commission meets on the fourth Thursday of every month at 7:00 pm in the Town Hall.
