

Plan Commission Receives DRAFT Housing & Transportation Elements

Tuesday, January 28, 2003 –The Town of Oconto Falls Plan Commission met this month to continue work on the Town's Smart Growth Comprehensive Plan. The focus of the meeting was the **DRAFT Housing** and **DRAFT Transportation Elements**.

The Smart Growth Law requires that the Housing Element assess the age, structural, value and occupancy characteristics of local housing. The Transportation Element must address the future development of highways, mass transit, trails, air transportation, trucking and water transportation facilities.

Amy Emery of OMNNI Associates (The Town's Consultant) facilitated the presentation of the two draft chapters. Each chapter includes:

- The vision statements developed by the Plan Commission in 2002;
- An inventory of existing conditions; and
- Goals, objectives and policies for the future.

Wherever possible, reference to the Town of Oconto Falls Community Survey results is provided. Copies of the DRAFT Chapters are posted on this web site.

Prior to adjourning, Ms. Emery distributed requested background information related to manure odor ordinances. This information was provided only as additional reference materials for the Plan Commission and is not part of the Comprehensive Plan.

The Plan Commission meets on the 4th Tuesday of each month to discuss Smart Growth. All meetings are held at the Town Hall and begin at 7:30 pm. Residents are encouraged to attend.
