

Plan Commission Considers Future Land Use

May 18, 2004. At this month's Town of Oconto Falls Plan Commission Meeting, Amy Emery of OMNNI Associates spent the first forty-five minutes answering miscellaneous questions from the Plan Commissions January, February and March 2004 minutes related to various land use matters. During this time, Ms. Emery also presented the Draft Conservation Subdivision Design Ordinance developed by Oconto County.

During the remaining portion of the meeting, Ms. Emery presented a copy of the Draft Future Land Use Chapter and supporting map. After reviewing this initial draft, the Plan Commission agreed, upon Ms. Emery's recommendation, to host a public mapping meeting to get additional resident input.

Copies of all draft chapters are available from this web site.
