

## **Public Hearing Held: Advisory Committee Recommends Plan Adoption**

---

On Wednesday, June 18, at 7:00 p.m., the Town of Oshkosh Comprehensive Planning Advisory Committee convened to host the Public Hearing for the Town of Oshkosh Smart Growth Comprehensive Plan.

On May 1, 2003, copies of the recommended plan were distributed to the ECWRPC, DNR, DOA, DOT, local school and sanitary districts, City of Oshkosh, Town of Vinland and the City of Oshkosh Library. A copy of the plan has also been posted on this web site. In addition, a copy has been available for review from the Town Clerk.

During the meeting, Amy Emery of OMNNI Associates gave a presentation summarizing the planning program, including some key ideas expressed in each of the nine required plan elements.

During her presentation, Ms. Emery reviewed comments that have been received from the agencies/communities listed above. During the comment period only the WDOA provided comments. The Planning Advisory Committee accepted all changes recommended per the DOA comments. No other community or agency provided comments during the 30-day comment period.

OMNNI Associates also presented an Acknowledgements page to include in the final plan document.

Next, residents in attendance had the opportunity to comment on the plan. Several people had questions that were answered by the Planning Advisory Committee.

At this point, the Planning Advisory Committee unanimously recommended to the Town Board that the Town of Oshkosh Smart Growth Comprehensive Plan be approved. The plan will be on the June 23, 2003 Town Board Meeting for adoption.
