OMNNI ASSOCIATES EROSION CONTROL EXPERT GAINS NATIONAL CERTIFICATION

Jason Weis, P.E. is recognized as a Certified Professional in Erosion and Sediment Control (CPESC)

Appleton, WI—Jason Weis, P.E., project manager with OMNNI Associates, recently earned his **Certified Professional in Erosion and Sediment Control (CPESC)** certification from the Soil and Water Conservation Society and the International Erosion Control Association. Certification requires specific education and experience plus passing a comprehensive examination in erosion control. A CPESC must demonstrate knowledge of effective and economical methods of minimizing soil erosion and sediment transport due to land-disturbing activities.

Mr. Weis has worked closely with the Town of Greenville supervising erosion control plan reviews and inspections. Collaborating with the town's building inspector and public works department, Mr. Weis implemented OMNNI's mobile inspection/mapping approach to the town's erosion control ordinance enforcement. OMNNI has reviewed and inspected over 750 residential and commercial properties.

Founded in 1968, OMNNI Associates (www.OMNNI.com) is dedicated to providing engineering consulting services to public and private sector clients. Headquartered in Appleton, Wisconsin, the firm's services include engineering, architectural, environmental and planning services.
