Brian Olesen, P.E., LEED AP Joins OMNNI Associates' Municipal Services Sector

Appleton, WI. OMNNI Associates is pleased to announce the addition of Brian Olesen, PE, LEED AP to the OMNNI team.

Mr. Olesen has over twelve years of experience in civil/site design, water resources engineering, geotechnical engineering and sustainability. His responsibilities include engineering design, project management, field construction and client development. He earned a bachelor's degree in Geological Engineering and Geology from the University of Wisconsin – Madison and is a registered professional engineer in Wisconsin and Illinois. In addition, he earned his LEED Accreditation from the Green Building Certification Institute.

Olesen's responsibilities with OMNNI Associates will center on providing engineering design and consulting services for municipal and environmental projects both locally and regionally.

Olesen represents many area organizations including the Wisconsin Green Building Alliance, Northeast Wisconsin Stormwater Consortium, and Wisconsin Society of Professional Engineers.

Founded in 1968, OMNNI Associates is a full-service engineering, architecture and environmental consulting firm headquartered in Appleton, Wisconsin.
