Notes:

TOPIC 2008 ESRI USER CONFERENCE OVERVIEW BRAD BASTIAN
Brad pointed out that it was well worth the trip and recommended it to anyone that could afford to go. Brad has ordered a copy some of the sessions and will make them available to anyone interested.

TOPIC PROJECT REVIEWS ALL

Trish Nau	Waushara and Menominee County Smart Growth updates
Jay Yearwood	ArcGIS server implementation
Luke Behling	Maintenance, FoxComm updates for Oneida tribe
Mark Lund	Maintenance
Jess Schneider	Tree inventory, City/County boundary clean up.
Ian Grasshoff	Metadata and database design strategies. Documentation organization. Creating a survey to help identify needs of internal department for ArcGIS server applications.
Jason Buck	Working on the county addressing and private road issues.
Jason Weis	Stormwater data for Appleton, preparing for next phase of sidewalk inventory for Fond Du Lac.
Jennifer Tovar	Street sign and tree inventory. Plow routes using GeoXH.
Dan Hutter	Electrical & water distribution systems using the GeoXH
Tracy Schiltz	Scanning research, data requests, various mapping projects, data creation.
Alisa Kahler	Scanning historical plats of survey into imaging system. (LaserFiche)
Missy Kraemer-Badtke	Safe Routes to School projects are wrapping up. Walk to school day next Wednesday.
Kris Lyons	Migrating storm water data into Assist. Just received the GeoXT.
Adam Dorn	Park and tree inventory. Receiving pictometry in fall from Fond Du Lac County.
Andy Hess	Making tie sheets available on website & smart growth mapping.

TOPIC GIS DAY 2008
The GIS day event will take place November 19th 2008, at Appleton West High School's library from Noon – 6pm. The outline of activities was explained. A signup sheet was passed around the group asking for volunteers to staff the event. Contact Jay or Trish for more details.

TOPIC WROC
Project manager for Counties in this region is Richard Wohler from Aero-Metric. He will be meeting with the Counties in the next couple of weeks.

TOPIC OPEN RECORDS
Discussion of data distribution and data sharing took place.

TOPIC**PARCEL MODELING**

Brown County is hosting a meeting to discuss parcel mapping, modeling and conversion techniques. This meeting will be taking place Tuesday, November 11th @ 9:30am at the Brown County Courthouse.

TOPIC**Q&A/OPEN DISCUSSION**

Google transit was discussed. Jay explained the history of the project as it pertained to the City of Appleton. The City of Green Bay will be presenting their project at EWUG in October.

TOPIC**NEXT MEETING**

The next meeting is tentatively scheduled for **11:30am** on **Tuesday, January 6th**, location is TBD. Please pencil this date and time on your calendars.

Minutes are provided as a summarized version of topics and discussions. Errors may exist from transcription from notes and lack of full understanding of projects discussed. Please contact individuals if you have specific questions regarding their projects and planned implementations.

If you want something included on the next agenda, please e-mail Jay Yearwood or Trish Nau with ideas and/or questions.
